Recommended Plant List for Desert Landscapes

This list recommends plants that can be used for landscapes in the low-desert regions of the southwest. It is by no means all-inclusive as there are hundreds of plant species that can be used in the landscape.

TREES

Botanical Name	Common Name(s)	Distribution	Comments
Bauhinia lunarioides	Chihuahuan Orchid Tree	Texas, Mexico	S: 15-18 x 10-15 ft., F: White, Pink, B: Spring-Summer, E: Full Sun, Partial Sun
Brahea armata	Mexican Blue Palm	Mexico	S: 20-25 x 8-12 ft., F: Cream-White, B: Spring-Summer, E: Full Sun, Partial Sun
Caesalpinia cacalaco	Cascalote	Mexico	S: 15-20 x 10-20 ft., F: Yellow, B: Fall-Winter, E: Full Sun
Chilopsis linearis	Desert-willow	Southwest U.S., Mexico	S: 10-25 x 10-25 ft., F: Pink to Magenta, B: Spring-Fall, E: Full Sun
Condalia globosa	Bitter Condalia, Bitter Snakewood	Arizona, California, Mexico	S: 8-12 x 8-15 ft., F: Green-White, B: Spring & Fall, E: Full Sun
Coursetia glandulosa	Coursetia, Baby Bonnets	Arizona, Mexico	S: 8-10 x 10-12 ft., F: White-Pink-Yellow, B: Spring, E: Full Sun
Ebenopsis ebano (*Pithecellobium flexicaule*)	Texas-ebony	Texas, Mexico	S: 15-30 x 15-20 ft., F: Cream, B: Late Spring-Summer, E: Full Sun
Eysenhardtia orthocarpa	Kidneywood	Arizona, New Mexico, Mexico	S: 15-20 x 12-16 ft., F: White, B: Spring-Fall, E: Full Sun
Haematoxylon brasiletto	Palo Brasil, Brasilwood	Mexico, South America	S: 7-20 x 5-20 ft., F: Yellow, B: Spring-Summer, E: Full Sun

Botanical Name	Common Name(s)	Distribution	Comments
Havardia mexicana (*Pithecellobium mexicanum*)	Mexican-ebony	Mexico	S: 15-20 x 15-20 ft., F: Cream, B: Spring, E: Full Sun
Leucaena retusa	Golden Ball Lead Tree	New Mexico, Texas, Mexico	S: 15-20 x 15-20 ft., F: Yellow, B: Spring-Fall, E: Full Sun
Lysiloma watsonii	Desert-fern, Feather Tree	Arizona, Mexico	S: 15-25 x 18-25 ft., F: Cream-White, B: Late Spring-Summer, E: Full Sun, Partial Sun
Mariosousa willardiana (*Acacia willardiana*)	Palo Blanco	Mexico	S: 15-20 x 10-15 ft., F: Cream, B: Spring, E: Full Sun
Olneya tesota	Ironwood, Palo Fierro	Arizona, California, Mexico	S: 15-30 x 15-25 ft., F: Pink, White, B: Late Spring-Early Summer, E: Full Sun
Parkinsonia florida (*Cercidium floridum*)	Blue Palo Verde	Arizona, California, Nevada, Mexico	S: 15-30 x 15-25 ft., F: Yellow, B: Spring, E: Full Sun
Parkinsonia microphylla (*Cercidium microphyllum*)	Little-leaf Palo Verde	Arizona, California, Mexico	S: 12-25 x 15-25 ft., F: Yellow, B: Late Spring, E: Full Sun
Parkinsonia praecox (*Cercidium praecox*)	Palo Brea	Mexico, South America	S: 20-25 x 20-25 ft., F: Yellow, B: Late Spring, E: Full Sun
Prosopis glandulosa	Texas Honey Mesquite	Southwest U.S.	S: 15-30 x 20-30 ft., F: Yellow, B: Late Spring-Early Summer, E: Full Sun
Prosopis pubescens	Screwbean Mesquite	Southwest U.S.	S: 10-15 x 10-15 ft., F: Yellow, B: Spring-Summer, E: Full Sun
Prosopis velutina	Velvet Mesquite	Arizona, California, New Mexico, Mexico	S: 20-30 x 20-30 ft., F: Yellow, B: Late Spring-Early Summer, E: Full Sun
Psorothamnus spinosus	Smoke Tree	Arizona, California, Nevada, Mexico	S: 10-15 x 10-15 ft., F: Blue, B: Late Spring-Early Summer, E: Full Sun
Senegalia berlandieri (*Acacia berlandieri*)	Guajillo, Berlandier Acacia	Texas, Mexico	S: 12-15 x 10-15 ft., F: Cream-White, B: Spring, E: Full Sun
Senegalia greggii (*Acacia greggii*)	Catclaw Acacia	Southwest U.S., Mexico	S: 10-20 x 15-20 ft., F: Cream-Yellow, B: Spring-Early Summer, E: Full Sun
Vachellia constricta (*Acacia constricta*)	White-thorn Acacia	Arizona, New Mexico, Texas, Mexico	S: 12-15 x 12-15 ft., F: Yellow-Orange, B: Late Spring, occasionally in Summer and Fall, E: Full Sun
