Overview

THE GARDEN:

Discover the tranquil vibrancy of 50,000 desert plants nestled amid the red rocks of the Papago Buttes at Desert Botanical Garden. Visitors can stroll through five thematic trails to explore plants, including towering cactus, alluring succulents and brilliant desert wildflowers. Delve deeper to experience world-class art exhibitions, festive events and so much more.

MISSION:

The Garden's commitment to the community is to advance excellence in education, research, exhibition and conservation of desert plants of the world with emphasis on the Sonoran Desert. We will ensure that the Garden is always a compelling attraction that brings to life the many wonders of the desert.

YOUR GARDEN | BY THE NUMBERS (As of 2020):

History

In the 1930s, a small group of passionate local citizens saw the need to conserve the beautiful desert environment. One was Swedish botanist Gustaf Starck, who found like-minded residents by posting a sign that said “Save the desert,” with an arrow pointing to his home. More than eight decades later, thanks to leadership and investments from many individuals, Desert Botanical Garden has blossomed from a dream into a living museum unlike any other. See how the Garden has grown during its history into a compelling attraction and desert conservation pioneer.

Trails & Exhibitions

Desert Botanical Garden provides a world-class experience for every visitor. Through permanent trailside exhibits, temporary art installations and seasonal experiences, the Garden ignites discovery about the desert and the plants that have adapted to this fascinating ecosystem.

Events & Exhibits

Chihuly in the Desert

Dale Chihuly returns to the Sonoran Desert with a stunning new exhibition at two of Arizona's most iconic venues, Desert Botanical Garden and Frank Lloyd Wright's Taliesin West.

*Combining art, architecture, and nature, **Chihuly in the Desert** is set against majestic saguaros, the striking Papago buttes, and a World Heritage site. Chihuly's masterpieces stun from day to night as color, light, and form come alive for the first time ever at two locations for a joint exhibition.*

Cactus Clubhouse

*Desert Botanical Garden invites kids to engage with the outdoors around them at **Cactus Clubhouse**—a brand-new nature play space. The play area provides unstructured, child-led activities for kids under 12 to discover the fun of the natural world.*

Spring Butterfly Exhibit

Mighty monarch butterflies return this fall. Experience a diverse kaleidoscope of butterflies from the Southwest, and discover the magnificence of the mighty monarch butterfly—from their amazing migration to the plants they need to survive.

Research & Conservation

The International Union for Conservation of Nature (IUCN) identified cactus as one of the most threatened groups of living organisms, but the Garden is working to protect and conserve these treasured desert plants and many others. The Garden's researchers often collaborate internationally, as well as with federal and state agencies, including the Bureau of Land Management, U.S. Fish and Wildlife Service and the National Parks Service, to protect Arizona flora and habitat.

GARDEN SCIENTISTS ARE FULFILLING OUR MISSION THROUGH PROJECTS IN ARID REGIONS AROUND THE WORLD.
